

Yellowstone Airport Welcomes Adam Moulton to the Team!

Yellowstone Airport is excited to have Adam Moulton join our team this year. Adam is serving as the new Airport Facilities Specialist. Adam grew up in Wyoming, Montana, and Idaho and spent many of his summers at the Yellowstone Airport working for the airport's former fixed base operator, Yellowstone Aviation. After graduating from the University of Puget Sound with a bachelor's degree in Business Administration in 2009, his adventures led him to Portland, OR, where he managed an independent outdoor shop. Deciding one day that a thru-hike of the Continental Divide Trail

seemed like a good idea, Adam took off on this 2800+ mile trek in 2020. Wildfires and knee issues forced him off the trail in September, but he returned in 2021 and completed the Idaho/Montana section to finish the trail.

Adam is excited to be back in West Yellowstone and back at the Yellowstone Airport! He plans to spend as much time as possible flying, fishing, mountain biking, and hiking with his Siberian Husky, Koda. Welcome, Adam!
